6<sup>th</sup> June 2016

Dear Parents/Carers,

This term, we have trialled a new reward system called ClassDojo which the children have loved. Each class has its own online 'dojo' where children record and share their successes, both with the class and now parents. Dojos are awarded instead of team points for handwriting, helping others, homework, manners, being on task, participating, teamwork and working hard. These dojos count towards the house teams which are totalled for merit assembly on a Friday. Warnings are also recorded, as are amber and red cards. We have found that children have been highly motivated to earn dojos and enjoy collecting them, showing great pride in their achievements. This has promoted teamwork and co-operation as children work together to earn table and class dojos.

The dojo is engaging with each child having their own avatar which the children can customise using the login details provided (a separate letter should have been brought home today by your child with your personal login details). By downloading the ClassDojo app, you will be able to see a complete picture of your child's day. Both staff and children are looking forward to sharing the many wonderful things our children do throughout the day.

Children will continue to earn stickers for exceptional work and achievement to complete their sticker charts for award certificates. Our 'Good to be Green' system runs alongside ClassDojo with children who have been 'green' all week earning both golden time and 'Good to be Green' tokens to spend in the shop.

Yours sincerely,

Simon Field  
Headteacher
